Deaf social care professionals: what is it that makes my work so special?

Wednesday, March 27, 2019 4 to 8 p.m.

Institut für Sinnes- und Sprachneurologie, Bischofstrasse 11, Linz
Kommunikationsraum, 1st floor

Participation fee: 25€

The workshop is geared towards Deaf and hard of hearing professionals working in social care. It aims at providing theoretical inputs as well as a means for discussing one's own experiences. Short inputs focussing on „Deaf identity“, „role models“ and „Deaf plus clients“ will be used to initiate reflecting one's professional role and the challenges faced in one's professional field.

Both speakers are Deaf. In order to facilitate professional discussions, two interpreters will be present during the workshop to translate between IS and Austrian Sign Language. Should there be any special topics you want to discuss, feel free to contact the speakers prior to the workshop (vis.com@inode.at).

Speakers:

Herbert Klein (a now retired trained Deaf Therapist, Counselor and Deaf Advisor who was the first Deaf member of staff employed by the NHS.)

Ulrike Strauß (psychologist, head of vis.com-SOB, a school in social care focussing on assisting persons with special needs)

In order to register for the workshop, please send an e-mail to: vis.com@inode.at prior to March 8, 2019
Please inform us about your billing address in order for us to send you the bill for the workshop.
